## PROJECTS

- E-commerce Platform

2025

https://petfoodsbd.online/

Worked on the complete eCommerce setup for this store using the Astra theme, with custom tweaks to improve speed, layout, and overall shopping experience.
- Corporate Website

2025

https://musashi.co.bd/

Built the company's main corporate website using Elementor and TheGem theme, shaping the design and structure to match the brand's business goals.
- Corporate Website

2025

https://mbjconstruction.musashi.co.bd/

Developed a dedicated construction-focused sub-site with Elementor and ACF, making the content easy to manage and update for the team.
- Leave Management System

2025

Secure, role-based HR leave system with request, approval, and tracking features.
- MBJ Client Database Management System

2025

Backend-focused internal client management system with strict role-based access.

## STRENGTHS
